SOLAS REGIONAL MENTAL HEALTH RESPITE DEVELOPMENT PROGRAM

WHAT IS RESPITE?

We can offer you and the person you assist options for support via: creative, individually tailored respite solutions.

Respite can be a few hours so that the carer can go shopping, attend appointments or read a book.

Respite for the carer can provide a meaningful opportunity for the person being cared for to attend local activities, develop interests, hobbies, relationships with others and to extend their independence, social and living skills.

Respite can be longer support, either in the carers own home or in other flexible accommodation options.

Respite is a planned regular opportunity for the carer and the person receiving care to pursue their own independent interests or just to have a break.

WHO IS ELIGIBLE FOR RESPITE?

Any person who cares for and supports someone who experiences mental illness may be eligible for respite.

- For respite to occur there must be a Carer.
- Carers can be relatives, friends or Neighbours
- They do not have to live with the person they care for.
- They do not have to be in receipt of Carers Allowance.
- A Carer provides ongoing support to a person with a mental illness.

IS THERE ANY COST?

NO!

Respite services are funded for Carers of a person with a mental illness by the Australian Government.

This program aims to provide regular, planned, flexible and creative respite support options to carers of a person with a mental illness in the regional areas of Charters Towers, Ingham and The Burdekin districts.
